Land Rover Series I Restoration Manual has been written with the home restorer in mind and the aim of providing knowledge, confidence and the technical details required for a full restoration. The book follows a 1957 Series I 109in, but also discusses how the other Series I models differ. Each task is broken down into step-by-step instructions with accompanying photographs, from minor repair and maintenance procedures to a thorough inspection and refurbishment of the engine's core components. There are additional tips on how to keep restoration costs under control and what it takes to make a concours winner stand out from the pack. Superbly illustrated with over 830 colour photographs.

Land Rover Series 1 Restoration Manual

Working in the Wild: Land Rover's Manual for Africa is designed to equip Land Rover users with the practical know-how it takes to make the most of the vehicle's capacity for hard work in hostile conditions. The aim of the authors has been to produce a no-nonsense guide which can be used by virtually anyone to keep a Land Rover running to maximum efficiency and effect almost anywhere on Earth. It is based upon the in-depth operating experience of Land Rover engineers and users throughout the world over many years. The book looks at every stage of the working life of a Land Rover - the selection and purchasing of the right kind of Land Rover - how to drive it to maximum effect - how to look after it away from conventional workshops - how to avoid problems - how to overcome unavoidable difficulties - and much more. It has been welcomed by international agencies and specialists who themselves have faced the conditions and situations for which it offers advice.
